**Custom Glass Ltd began manufacturing hermetically sealed insulated glass units in 1982** and today supplies over 2500 sealed units every day into a variety of market sectors including the Home Improvement, New Build and Commercial markets along with a number of other specialised industries. All of our products are fabricated and manufactured in our own 68,000 sq. ft. factory. All of the components used in the manufacture of our Composite Door range are supplied by UK based companies therefore they are never subject to the usual exchange rate fluctuations or stock availability issues caused by overseas shipping delays.

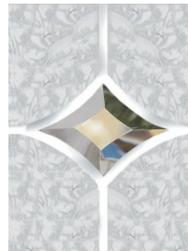

All of our Composite Door Glass products are available with the full range of Pilkington Obscure backing glass options where required.

For further details about our new exclusive range of Composite glass units please contact our sales office on 0151-549-1264, to view our full range of glass products please visit our web site on [www.customglass.co.uk](http://www.customglass.co.uk)
